Art Unit: 2644

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 17 to 19 and 34 to 35 are rejected under 35 U.S.C. 102(b) as being anticipated by Gershovich.

See previous rejection paper number 6.

3. Claims 42-43 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. Claims 1 to 7, 9-16, 20-26, 28-33, and 36-41 are allowable over prior art of record.

5. This is in response to the applicant's remark, which was received on January 16, 2004.

Regarding applicant's remark on page 12, at lines 4 to 16, the applicant is correct that there was a typo error and "Here" reference should have been "Heie" reference. Also, the examiner was on leave last December for whole month and apologizes for telephone calls.

On page 14, line 10 to page 15, line 16, the applicant has argued that Gershovich reference does not disclose automatically adjusting tone features including

Art Unit: 2644

at least one of a tone frequency and a tone duration. The applicant's argument is not persuasive because the claims claimed "tone frequency and/or duration".

The examiner maintains the rejection as set forth above.

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Minsun Harvey whose telephone number is (703) 308-6741. The examiner can normally be reached on Mondays-Fridays from 9:00 to 5:30.
